

Help Us Bury the TPP for Good! *Make your calls this week.*

During the past week, a growing number of Congressional leaders and Administration voices have finally conceded that the Trans-Pacific Partnership (TPP) will not come up in Congress this year. The votes simply aren't there – you've made sure of that! Read more on your historic win in our recent [Feedback Report](#).

Now is a moment to say thanks to those legislators who have stood strong with us in opposing the TPP and send a message to those that haven't that we won't let up. This is a time to not only reject the TPP for good, but to take a stand against any future TPP-like agreements. Deals that have been drafted by and for corporate interests are no longer viable.

We want to seize on this moment by joining our allies asking Congress to not only abandon the TPP forever, but also to stop the corporate trade model for good. It's a great time to thank those who have stood with us through this long effort as well.

1. Tell them who you are and where you are from.
2. Tell your legislators to continue to reject the TPP and trade deals like it in the future. If your Senators or Representative opposed the TPP, make sure to thank them.

YOUR HARD WORK IS PAYING OFF.
